

### True spirit of Christmas shines brightly at plant

*The generosity of Umatilla Chemical Agent Disposal Facility employees is helping turn what could have been a season of despair into a Christmas to remember for 35 area families that were "adopted" by various departments on site. Washington Group International has made a holiday habit of helping needy families in the communities where UMCDF employees live. This Christmas marks the 10th year UMCDF has adopted families during the holidays. Over that time 251 families have been helped. Not counting this year, more than \$100,000 in presents and cash have been shared with those adopted families. Below: Roberta Monk helps wrap gifts.*
